FORDS DROP \$50.00

According to a statement just issued by Edsel B. Ford, President of the Ford Motor Company, Detroit, a general reduction of \$50.00 a car has been made in the prices of Ford Model T Cars and the Ford 1 Ton Truck, effective October 17th.

"The revision in prices," said Mr. Ford, "is the result of the increased volume of business which our company has enjoyed during the present year and also, to the fact that we now own and operate many of our own sources of raw material, which enables us to continue increasing the quality of our product and at the same time keep the price so low that Ford cars are in reach of everybody."

"Our Production for 1922 is already in excess of a million, which has been an important factor in bringing down costs. Our present daily output is averaging better than 5,000 Cars and Trucks which means a complete Ford Car or Truck every 5 1-2 seconds of each eight-hour working day. It is in anticipation of this continued demand that price adjustments are again being made in order to keep in effect the policy of selling Ford products at the lowest price consistent with quality."

"Quality, as usual," said Mr. Ford, "will continue to be a prime consideration in the building of Ford cars. As our business has increased we have constantly increased our equipment and manufacturing facilities, so that this price reduction merely reflects the progressive methods which come as a result of increased volume."

"This reduction, which is the sixth since March 1920, brings the price of the Ford Touring Car from \$575, the price in effect early in 1920, to the present extremely low level of \$298, which is nearly 50 per cent less. Corresponding reductions have been made on all other types."

THE PRICE MAKES A DIFFERENCE!

One of my brother merchants told me last week that the ten barrels of beautiful apples I was opening up would rot on my hands. I sold most of them in one day. I expected my sales to be large because of the low prices I am making, but the public appreciates my offerings far beyond my expectation.

The nicest of fruit arriving almost daily. OYSTERS TODAY. Come and See.

Learn to Save!

Benjamin Franklin, the embodiment of integrity and practical spirit of America, said:

"If you know how to spend less than you get, you have the philosopher's stone."

The philosopher's stone in myth and story was believed to turn everything it touched into gold.

But Benjamin Franklin has clearly sightedly shown us that the secret and real touchstones of success is to **SAVE**—spend less than you earn. Start today.
